Free banking

To help with starting your business or if you are a charity or community organisation we'll offer you free banking.

Start-ups – if you've started a business within the last 12 months with a projected or existing annual turnover not exceeding £1 million and open a Business Current Account or a Foundation Account, we'll give you 18 months of free banking. At the end of the 18-month period, you'll start to incur fees at the standard tariff listed for your everyday transactions.

Charities and community organisations – if you're a not-for-profit organisation and your annual credit turnover doesn't exceed £100,000 we'll offer you free banking on the Business Current Account. This means you won't be charged a service charge as long as your organisation remains eligible for free banking. We'll monitor your turnover regularly and if we identify that you've exceeded £100,000 in any 12-month period, we will contact you to tell you that you'll start to incur fees at the standard tariff listed for your everyday transactions.

Free banking means that you won't be charged for everyday transactions. Charges for unarranged overdrafts are not part of the free banking offer. We'll always give you at least 60 days' notice of the service charge tariff that will apply to your account before you start to incur charges.
