

# Show me how to turn on the Bankline Mobile privilege

Access to the Bankline Mobile app must be managed by the administrator. To turn on the Bankline Mobile privilege follow these steps:

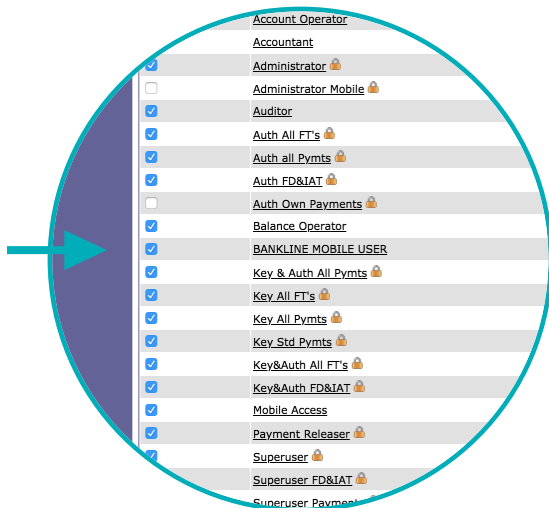

A Navigate to Classic Bankline.

B Select 'Administration' from the left hand menu.

C Click 'Manage users' then click on the name of the user who requires access

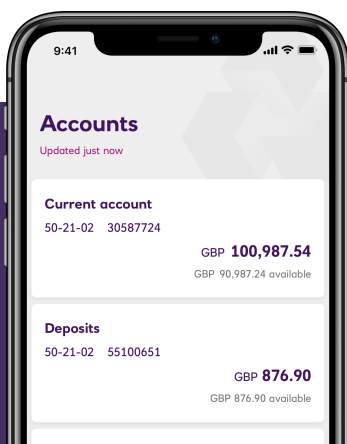

D Click 'Edit roles / smartcard' located at the bottom of the users details (under the heading 'User management'.)

- E** Simply add a check mark next to the Bankline Mobile User role to turn it on. Removing the check mark will turn it off for this user.

- F** Click 'Continue' and then 'Confirm changes' to apply these new settings.

# Bankline Mobile. Business in hand.

Download Bankline Mobile from  
the App Store.
