

Mortgages General Information

Who are we?

We are National Westminster Bank Plc (incorporated in England and Wales under the Companies Acts 1948 to 1980 with company number 929027), acting through our Mortgage Centre PO Box 123, Greenock, PA15 1EF

What can I use my mortgage loan for?

Our mortgage loans are mainly used to purchase residential property but if you are re-mortgaging to us or you are an existing mortgage customer looking to borrow more money we do allow loans to be used for other purposes such as home renovation and debt consolidation. There may be certain restrictions in relation to loans used for certain purposes. Please contact us if you have any questions in this regard. Please note we do not lend for the purpose of the purchase of capital instruments of a NatWest Group entity, for example shares in NatWest or RBS.

Will my loan be secured on my property?

Yes, in order to provide a mortgage loan we require security over the residential property in question. In England and Wales this is done by you granting a Mortgage Deed in our favour over the property and in Scotland this is done by you granting a Standard Security in our favour over the property. The Mortgage Deed and the Standard Security are legal documents which create security over the property for all amounts you owe us now or in the future. We only offer mortgages where the property in question is located in England, Wales, Scotland or Northern Ireland.

What length of mortgage term can be provided?

Our minimum loan term is 3 years. Our maximum loan term is 40 years for residential capital and interest mortgages, and your term must finish before you turn 75. Our maximum loan term is 35 years for residential interest only mortgages, and your term must finish before you turn 70. For Buy to Let mortgages our maximum loan term is 35 years and your term must finish before you turn 80.

Mortgages General Information

What types of mortgages does NatWest offer?

We offer the following different types of mortgages:

■ Fixed Rate

With a fixed rate mortgage, the interest rate remains the same for a set period of time. This means that your mortgage payment would be the same amount every month during that period.

■ Tracker Mortgage

A tracker rate mortgage, unlike a fixed rate mortgage, means your interest will rise and fall in line with another interest rate – typically the Bank of England’s base rate – for a certain period of time. This is usually two or five years.

■ Standard Variable Rate

Standard variable rate (“SVR”) is a type of variable rate mortgage. When a fixed or tracker rate ends, you would automatically be transferred onto our SVR. Where there is a change to our standard variable rate your mortgage payments would change accordingly.

We offer both capital and interest and interest only mortgages. A capital and interest mortgage means that your monthly payments will pay back both the capital borrowed and interest on the capital borrowed. This means that as long as you keep making your monthly payments you will not owe the bank any money at the end of the mortgage term.

An interest only mortgage means that your monthly payments will only pay back the interest on the capital borrowed. You will still owe the full mortgage amount at the end of the mortgage term. Interest only mortgages are only available if you meet certain criteria including a minimum annual income and you have a repayment strategy that is acceptable to us that is to pay off your mortgage at the end of its term.

If any part of your mortgage is an interest only mortgage, it is entirely your responsibility to make sure the financial arrangements which you have chosen to repay the capital is/are suitable and maintained throughout the term of the mortgage.

What if I live abroad or earn income in a currency other than Sterling?

If you are using income which comes from a currency other than Sterling to repay your loan or you are resident overseas, your loan will be classed as a Foreign Currency loan under the regulatory rules that apply to mortgages. We will consider you for a mortgage if your income is in a currency of any of the following countries:

Mortgages General Information

Austria, Belgium, Bulgaria, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, The Republic of Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Australia, Canada, Channel Islands, Gibraltar, Isle of Man, Japan, Monaco, New Zealand, Singapore, Switzerland, United States of America.

We do not provide mortgages to people resident outside of the UK. We will set out the risks of having a Foreign Currency loan in any mortgage illustration you receive so that you can understand the implications of this.

Once the loan has completed, we will monitor your account to check for fluctuations in currency exchange rates. We will warn you if there are fluctuations in currency exchange rates of more than 20% between the currency of your mortgage and the currency of the income or assets which you are using to repay the loan.

Such a movement in the exchange rate may make it more difficult for you to afford your mortgage payments and/or affect the value of the asset(s) you intend to use to repay your mortgage.

You should ensure that you understand the implications of having a Foreign Currency loan and that you are able to continue to make your mortgage payments or repay your mortgage in the event of movements in exchange rates. Please seek independent financial advice if you have any concerns in this respect.

How much would my repayments be?

A mortgage of £153,732.00 payable over 25 years initially on a fixed rate for 2 years at 6.44% and then our variable rate of 7.74% for the remaining 23 years would require 24 monthly payments of £1,032.25 and 276 monthly payments of £1,152.92.

The total amount payable would be £344,193.53 made up of the loan amount of £153,732.00 plus interest of £190,461.53. A product fee of £995.00, valuation fee of £352.00 and a CHAPS fee of £30.00 are also payable.

The overall cost for comparison is 7.8% APRC representative.

A mortgage of £153,732.00 payable over 25 years initially on a tracker rate for 2 years at 0.54% above the National Westminster Bank Plc's base rate then our variable rate of 7.74% for the remaining 23 years would require 24 monthly payments of £947.72 and 276 monthly payments of £1,147.23.

The total amount payable would be £340,606.58 made up of the loan amount of £153,732.00 plus interest of £186,874.58. A product fee of £995.00, valuation fee of £352.00 and a CHAPS fee of £30.00 are also payable.

The overall cost for comparison is 7.6% APRC representative.

Mortgages General Information

Does my property need to be valued as part of my mortgage application?

We must receive a satisfactory valuation report on the property before we will release the loan unless we write and tell you otherwise.

The valuation and any re-inspection of the property is solely for our purposes and you cannot rely upon it for your own benefit. We are not responsible for its accuracy.

You are responsible for paying all valuation and re-inspection fees in respect of the property unless we tell you otherwise.

Do I need to have building insurance?

Yes, you must have appropriate buildings insurance for your property for the term of the mortgage and provide us with confirmation that you have this cover in place. You are not obliged to buy this insurance from us. If you do not have buildings insurance you will be in breach of your mortgage terms.

What costs would I be charged?

We may charge you fees in conjunction with your mortgage, including the following:

- Product fees when you take out the mortgage;
- Valuation fees; and
- Administration fees for example a fee for transferring the loan funds to you or your conveyancer.

There are also certain charges if you require services during the term of your mortgage. Details of those fees are set out in our tariff of charges leaflet.

What if I want to repay my mortgage early?

You may repay your mortgage at any stage during its term. However if you wish to repay your mortgage within a deal period there may be early repayment charges payable. Details on how any early repayment charges would be calculated will be contained in your mortgage illustration and offer document where issued.

YOUR HOME MAY BE REPOSSESSED IF YOU DO NOT KEEP UP REPAYMENTS ON YOUR MORTGAGE
